# ABOUT US

John Loynes founded Loynes boatyard in 1878

**Our main aim is - and always has been - to provide you with a special, enjoyable holiday to be remembered and treasured.**

**John Loynes - the founder of all Broads**

**Holidays, and Charles Hannaford - the founder of the Broads Tours passenger boat business, shared the same ambition - to provide top quality boats and service, to give you the best possible experience of a holiday on the Broads.**

When Len Funnell moved to Norfolk in 1979, he purchased a small boatyard called Faircraft - and it wasn't long before he expanded the business so that he was able to purchase the John Loynes operation as well as Broads Tours. Len wanted to pay tribute to both John Loynes and Charles

Hannaford - and this is why Faircraft Loynes and Broads Tours both operate under the umbrella of Norfolk Broads Direct.

The fleet today is very different from those in John Loynes' time, but our commitment to providing the highest standards of boats and customer care are the same as ever. At Norfolk Broads Direct we continue to operate a policy of constantly updating our boats, ensuring that our modern fleet of hire cruisers remains one of the best on the Broads.

Charles Hannaford founded Broads Tours in 1935

# ABOUT THE BROADS

A Broads holiday is about relaxing, having fun and exploring this wonderful part of the world at your own pace.

The Broads are man-made waterways that resulted from peat digging dating back to the 12th century.

These diggings flooded and created the lakes that, today, we call Broads.

This unique environment has created a combination of wildlife, nature, culture, history, and tourism.

The next few pages will give you a taster of just how much there is to see, do and discover in the Broads National Park.

## Wroxham & Hoveton

The capital of the Broads, and the home of Norfolk Broads Direct. There are numerous pubs, restaurants, shops and attractions to explore.

110 MILES OF LOCK-

## Horning

A picturesque village with pubs, restaurants and shops.

## Ranworth

A delightful Broadland village which is a must visit for wildlife lovers - as it is home to a popular nature reserve.

## Oulton Broad

A thriving centre of night-life and daytime activity. Look out for the powerboat racing - a delight to watch!

## Norwich

"The City" is home to a castle and two cathedrals, award-winning shopping centres and many bars and restaurants - well worth a visit on a longer holiday.

# BOATING HOLIDAYS

## How to choose your boat

### STEP 1

#### CHOOSE THE STYLE OF BOAT

We care about your comfort. If you or anybody in your party has limited mobility, or other special needs, please telephone our booking office on 01603 516195, so that we can help you find the boat or cottage to suit you.

### STEP 2

#### SIZE MATTERS

Choose your cruiser to accommodate your whole party comfortably. The interior layout plan is a guide and is not to scale.

### STEP 3

#### CHOOSE HOLIDAY DURATION

Choose a week, 3 night weekend, or 4 night midweek short break or longer.

### STEP 4

#### CHECK AVAILABILITY & BOOK

Book online at [broads.co.uk](http://broads.co.uk). The website has even more photos and a virtual tour of every boat.

## Styles of Cruiser

### Forward Steering

The boats have the steering position at the front. Usually on one level with a door at each end. Low enough to pass through most bridges. Some have a split sliding roof opening over the seating area.

### Centre Steering

Featuring a sliding canopy which can be lowered. When the canopy is lowered you have the benefit of being outside whilst enjoying the comforts inside your cruiser. These boats pass under most bridges.

### Sedan Cruiser

These boats feature a raised steering position with good visibility, well suited for early and late season cruising. They have sliding patio doors to a large aft well. Ours even have a whirlpool bath! May not pass under all bridges.

### Dual Steering

Featuring an inside forward steering position & an outside steering position on the upper deck with amazing views. There is usually a steep set of steps between the two decks. May not pass under all bridges.

## Top Tip

The Broads has many bridges which you'll navigate during your holiday. The Broads are tidal, and the water levels rise and fall throughout the year - this means not all of the bridges are always navigable by all craft. If a cruiser will not go under all bridges you'll see "Bridges: restrictions apply" under the listing. This means it won't go under every bridge. You can find out which bridges the cruiser will not go under online.
